FYI - California Science Center is submitting final plan for review soon but as of right now, we anticipate the tank leaving from Marina del Rey at midnight on the 20th. It will then travel about 3-5 mph and we expect it in Westchester in the early hours of the morning like 1 or 2a. We will know official timing soon and I'll share with you as soon as we get it.

Do we have a schedule and/or route for the shuttle tank progression through Westchester.
